WASHINGTON: 1972

INTRODUCTION

On the 1,240 rolls of this microfilm publication are reproduced the central files of the Department of State for the period 1906-10. The records include the Numerical File, consisting of 1,172 volumes plus annexes and unbound documents, arranged by case number from 1 to 25982, and the Minor File, consisting of 62 volumes containing more routine communications not incorporated into the Numerical File.

The central files of the Department of State from 1789 to 1906 were divided into several series on the basis of the type and origin of record. The diplomatic correspondence consisted mainly of series of instructions to and despatches from diplomatic officers, and notes to and from foreign missions in the United States. The consular correspondence included instructions to and despatches from U.S. consuls; and notes to and from foreign consuls. Most other correspondence, including that with private individuals and organizations, Federal agencies, and State officials, was filed in the miscellaneous letters received and domestic letters sent.

On August 15, 1906, the Bureau of Indexes and Archives adopted a subject system of classifying and filing records--the Numerical File. The first document on a new subject was assigned the next subject file number in sequence; each subsequent document on that subject was assigned a document number, separated from the file number with a slant (/) mark. For example, when the Department received a note dated August 16, 1906, from the Italian Embassy in the United States concerning the Algeciras Conference, a case file was established for political affairs in Morocco and given the next unassigned case file number, 295. Subsequent documents on the same subject were placed in the same file and given a document number, such as 295/2. As the number of cases grew larger, several case numbers were frequently assigned for the same general subject matter. For example, cases 421, 699, and 2151 also concern political conditions in Morocco.

Correspondence of the Department on matters of routine interest was kept in a separate series--the Minor File--that has been reproduced in this microfilm publication following the Numerical File. These records are arranged alphabetically by country for diplomatic correspondence, by city for consular correspondence, and by name of correspondent for letters to and from other sources.

Between 1906 and 1910 the number of case files grew to over 25,000, and it became clear that a more adaptable filing system was required. Therefore, in 1910, the Bureau of Indexes and Archives converted to a decimal filing scheme. A notation was

inserted at the end of each case in the Numerical File, indicating the Decimal File number of additional documents on the same subject. For example, following the last document in Numerical Case 295 is the entry "for subsequent correspondence on this case see 881.00," which is the category for Internal Affairs of States, Political Affairs of Morocco, in the Decimal File. In addition, the Department prepared a "Conversion Book" that aids in determining the Decimal File numbers that continue given Numerical File cases. An explanation of the decimal filing system is provided by the Department of State's *Classification of Correspondence* (4th edition, 1938) that is available as Microfilm Publication M600.

The documents in the Numerical File relate to virtually all aspects of American diplomacy and Department of State business for the years 1906-10. The growing role of the United States in world affairs during this period is reflected in the extensive correspondence in the Numerical File relating to major diplomatic subjects. Case files concerning U.S. diplomacy in the Far East include the immigration of Japanese to the United States (2542 and 223), the treatment of Japanese in California (1797), the Japanese protectorate over Korea (1166), the opium question in China and the International Opium Commission (774), and railway construction in China (5315). Among the case files on U.S. relations with other countries in the Western Hemisphere are those on the Newfoundland fisheries question (573, 17818, and 17931), the fur seal controversy (13097), the construction of the Panama Canal (637, 1502, and 14858), the Third Pan-American Conference in 1906 (249), the Fourth Pan-American Conference in 1910 (11302), the Dominican debt question (1199), Nicaraguan affairs (financial, 5691, political, 6369), the boundary dispute between Peru and Ecuador (17544), the Central American Peace Conference in Washington (6775), and the boundary line dispute between Mexico and the United States over El Chamizal (5308). Other significant cases include those on the world cruise of the Atlantic Fleet (8258), the Second Hague Peace Conference (40, 66, 2098, 12655, and 18944), the recognition of the Congo as a Belgian Colony (1806). The first case file contains documents relating to the establishment and later modifications of the Numerical File.

The National Archives has two primary finding aids to the records reproduced in this microfilm publication. One is a card index to the Numerical and Minor Files. The cards are arranged alphabetically by subject, by individual or organizational name, by consular or diplomatic post (city or country), and by Government department, and thereunder chronologically. There are also "purport lists" that consist of slips of papers indicating for each document in the Numerical File the date received, file number, subject, and summary of its contents. These lists of documents are arranged according to the decimal file system adopted in 1910. The index and "purport lists" are not included in this microfilm publication.

The appendix, Select List of Numerical File Cases, should serve as a finding aid to some of the more significant or voluminous cases. The select list consists of cases in Class 7, Political Relations of States, and Class 8, Internal Affairs of States, as listed in the "purport lists." The select list shows the general subject, the microfilm publication number if records in that Decimal File for the 1910-29 period have been microfilmed, the Decimal File number, the corresponding Numerical File number, and the roll(s) containing that file in this publication. For additional information about the case files and roll numbers of subject or decimal files not listed, address inquiries to the National Archives, (GSA), Diplomatic Branch (NNFD), Washington, DC 20408.

The records reproduced in this microfilm publication are part of the records in the National Archives designated as General Records of the Department of State, Record Group 59.

Closely related records in the same record group include the central files of the Department before 1906. These records include copies of instructions from the Department to U.S. Ministers, 1785-90, reproduced as *Foreign Letters of the Continental Congress and the Department of State* (M61), *Diplomatic and Consular Instructions, 1791-1801* (M28), *Diplomatic Instructions, 1801-1906* (M77), and *Consular Instructions, 1801-1834* (M78). Despatches received by the Department from U.S. diplomatic and consular officials are available as separate microfilm publications, with varying date spans between 1789 and 1906, for each country and consular post. Correspondence with representatives of foreign governments in the United States include notes to foreign ministers and consuls, 1793-1834 (M38); notes to foreign legations, 1834-1906 (M99); notes to foreign consuls, 1853-1906 (M663); and notes from foreign consuls, 1789-1906 (M664). Notes received by the Department from foreign legations are also available as separate microfilm publications, with varying date spans between 1789 and 1906, for each country. Correspondence of other than a diplomatic or consular nature for the period before 1906 may be found among the miscellaneous letters received (M179) and the domestic letters sent (M40).

Also in the same record group are the central files of the Department for the period after 1910. Many segments of the Decimal File, 1910-29, in Class 7, Political Relations of States, and Class 8, Internal Affairs of States, are available as microfilm publications.

Among the Records of the Foreign Service Posts of the Department of State, Record Group 84, are records originally kept at U.S. diplomatic and consular posts. The records of many posts include records for the 1906-10 period that are closely related to records in the Numerical File.

Honorable Secretary of State,

Washington, D. C.

Dear Sir:

In "A Brief Statement" just issued regarding the Hudson-Fulton Celebration I notice that the government of Holland has offered to build and contribute a reproduction of Hudson's HALF MOON.

We want very much to secure a copy of the specifications under which this vessel is built, together with two or three photographs andsome blue prints showing the manner in which the hull of the vessel is constructed.

Can you suggest any way in which this subject can be brought to the attention of the government of Holland with a view to securing theinformation?

I might add that it is our intention to publish a special number of this magazine in connection with the Celebration, making it a record of naval architecture and marine engineering from the earliest times up to the present.

We shall appreciate very much any assistance you can give us in connection with this matter.

Very truly yours,

INTERNATIONAL MARINE ENGINEERING.

HUDSON-FULTON CELEBRATION.

DEPARTMENT OF STATE,

Washington, May 10, 1909.

To the Diplomatic Officers
of the United States.

Gentlemen:

You will address the Minister for Foreign Affairs of the Government to which you are respectively accredited as follows:

"From Saturday, September 25, to Saturday, October 9, 1909, there will be celebrated at the City of New York and along the Hudson River the three hundredth anniversary of the discovery of the river by Henry Hudson in 1609, and the one hundredth anniversary of the first successful application of steam to the navigation of the river by Robert Fulton in 1807.

"The celebration will be in charge of a commission consisting of four hundred prominent citizens appointed by the Governor of New York. The officers of this commission, comprising twenty-one of the leading citizens of New York City, have sent to my Government, with a request that it be delivered through the diplomatic channel, an invitation addressed to the Government of
to be represented at the celebration 'by its official representative and a vessel of its navy.'

"Under the instructions of my Government I have the honor to transmit the invitation to you with the expression of my Government's hope that the Government of
may find it convenient to accept it. I am to explain to Your Excellency that by the expression 'its official representative' is meant the sending of an official representative from
and not the

designation of its diplomatic representative at Washington, to whom a separate invitation has been extended.

"Accompanying the invitation Your Excellency will find a printed program containing full information regarding the celebration and the exercises set apart for each day.

"I am also to say that the State of New York has appropriated $400,000 and the City of New York $200,000 to defray the expenses of this celebration, and that the diplomatic, naval, and other official representatives of foreign nations will be guests of honor of the commission and will be accorded hospitality, both of a public and private character, from the time of their formal reception on Saturday, September 25, until the close of the celebration."

S i r :

I have the honor to acknowledge receipt of your favor of May 15th enclosing copy of circular instruction issued to diplomatic officers directing them to transmit the invitations to the Hudson-Fulton Celebration, and in behalf of the Commission thank the Department of State very cordially for its courtesy.

We will have the invitation to the Dominican Republic re-addressed as suggested.

We will also have invitations addressed to the eleven Governments mentioned in your letter and forwarded to you as soon as ready. These omissions were unintentioanl and were due to the fact that these Governments are not mentioned in the little sixteen-page pamphlet entitled "The Diplomatic List", which was kindly given to us by the State Department. We thank you very much for calling our attention to the oversight.

Will you kindly notify us whether the eleven Governments mentioned in your letter, namely; Roumania, Servia, Luxenberg,

Montengro, Venezuela, Paraguay, Egypt, Bulgaria, Morocco, Siberia and Abyssinia, have diplomatic representatives at Washington to whom we should send invitations also.

Yours very truly,

Secretary.

In reply to your letter of the 17th instant, I have to say that Venezuela is the only one of the eleven governments mentioned therein who has a diplomatic representative at Washington. In its letter of the 15th instant the Department enumerated the countries which had not been invited to participate in the Hudson-Fulton Commission merely in order that note of the fact might be made and not with a view to offering any suggestion as to the extension of invitations. Among the governments mentioned in your letter, Liberia should be substituted for Siberia.

The Department would be glad to learn whether the Commission desires to include in the invitations the Char-

gés

gés d'Affaires ad interim of such missions at Washington of which the heads may be absent from this country during the celebration.

Awaiting your reply to this inquiry before transmitting the Commission's invitations to the several foreign embassies and legations at this capital,

Draft

May 25th, 1909.

Dear Sir:

We have had the honor to invite the Foreign Governments accredited to the Government of the United States to be represented by official delegates and naval vessels at the approaching celebration of the 300th anniversary of the Discovery of the Hudson River by Henry Hudson in 1609 and the 100th anniversary of its first successful navigation by steam by Robert Fulton in 1807, and the Department of State has done us the great favor to forward these invitations through our diplomatic representatives abroad with an expression of the hope that the Governments to which they are addressed will accept.

To the expression thus kindly conveyed by the Department of State, permit me, in behalf of the Commission, to give you this direct assurance of our desire to have the pleasure of entertaining as many ships of the navy of as that Government may find it practicable to send. We will send to you under another cover, not only a copy of the pamphlet which accompanied the invitation, but also another pamphlet entitled "Hudson and Fulton"

OFFICE OF THE

which will give you personally a somewhat fuller idea of the extent of the preparations being made for the approaching celebration. You will note that while the programme provides for many public and spectacular events, the idea running throughout all the exercises, indoors and out-doors, is educational; and we feel that the presence of a large naval representation from foreign nations will be very instructive and mutually beneficial to our own people and the people represented by our foreign guests.

If it should please you to explain to the Minister of Foreign Affairs the geographical environment of New York City, he will, perhaps, better appreciate the fact that the foreign vessels, anchored with our own in the Hudson river, which stretches along one side of the City for twelve miles, will be under the direct observation of over 4,000,000 people contiguous to the river, and will be the objects of the greatest popular interest.

As explained by the Secretary of State, we have sent individual invitations to the diplomatic representatives of the foreign governments at Washington, and it is the hope of our Commission that the Government of will send with its vessels a specially appointed delegate.

We expect this celebration to be the most brilliant of its kind ever held in this State--probably in the United States--and we shall extend to our foreign visitors hospitality commensurate with the honor which their presence will give to us, with the dignity of the State of New York, and with the importance of the events to be celebrated.

Assuring you of our appreciation of your kind offices in this matter, and of our high regard,

I have the honor to remain,

Yours very truly,

Edward L. Woodyatt

American Legation

June 2, 1909.

To the Honorable P. C. Knox,
Secretary of State,
Washington. D.C.

S i r :

I have the honor to report that Vice-Admiral Jonkheer J.A.Roell of the Netherlands Navy, President of the Construction Committee of the Commissie voor de Hudson-Fulton Gedachtenisviering,(Committee for the Hudson-Fulton Commemoration Celebration), who as such has charge of the construction of the replica of the famous "Halve Maen" (Half Moon) of Henry Hudson, has called at this Legation and requested that the courtesies of the customs at the port of New York be solicited for the vessel and its furnishings. From the enclosed copy of a letter from Mr. J. Heldring, 1./ Secretary of the General Committee, it will be seen that the Half Moon with all materials necessary for the rigging and various objects for its equipment (household articles and weapons) will leave Rotterdam on board the S.S."Soesdijk" of the Holland-America Line on July 11th next and should arrive in New York on or about July 24th next; that, as concerns the ultimate destination of the vessel, etc, it will be presented to the Hudson-Fulton Celebration Commission, to serve as a memento of the said Celebration.

Vice-Admiral Roell further informs me that every effort has been made to furnish the "Half Moon" with duplicates or exact copies of all the furnishings, as known or possible, of the original and that the vessel is to remain

permanently

permanently in the United States, on exhibition on a lake or other body of water in or near New York.

I know also from personal information that no expense or trouble has been spared in preparing this contribution to the celebration of the historic event of 1609 and that the Dutch take great interest and pride in the same; and I trust their generous interest will be met with every courtesy.

I am, Sir,

Your obedient servant,

Dear Sir,

In compliance with your request I now beg to give you the following information about the Half Moon and its destination:

1°. The vessel together with all materials, necessary for the rigging as well as various objects for its equipment, viz, mainly articles of household and weapons, will be shipped to the United States on board the S.S.Soesdijk of the Holland-America Line on July 11th, due to arrive in New-York on or about 24th of that month.

2°. The vessel, etc, will be presented to the Hudson-Fulton Celebration Commission in New York in September next and will be unloaded under the care of the agents of the Holland-America Line, whilst the vessel will remain at the naval yard in Brooklyn harbour until the date of its presentation.

3°. The destination of the vessel will probably be to serve as a memento of the above Celebration in commemoration of Henry Hudson's voyage in 1609.

I have the honor to acknowledge the receipt of your note of the 7th instant, conveying the information in regard to the celebration at the City of New York and along the Hudson River, from Saturday, September 25, to Saturday, October 9, 1909, of the three hundredth anniversary of the discovery of the river by Henry Hudson in 1609, and of the one hundredth anniversary of the first successful application of steam to the navigation of the river by Robert Fulton in 1807. You were pleased also to transmit the invitation and printed program which contains full information regarding the celebration and the exercises set apart for each day, adding that a separate invitation has been addressed by the Commission directly to my Government, requesting its participation in the celebration, both by an official representative and by one or more of its naval vessels.

In answer thereto I have the honor to say that I accept with many thanks the invitation and will appreciate the courtesy to transmit to the Commission the enclosed answer to this effect.

I am sure that the Government of Costa Rica will be very glad to participate in the celebration by an official representative, and that it will regret its inability to send a naval vessel as Costa Rica has no navy of any kind.

The Honorable David E. Thompson,

Ambassador Extraordinary and Plenipotentiary,

Dear Sir:

We have the honor to invite the Foreign Governments accredited to the Government of the United States to be represented by official delegates and naval vessels at the approaching celebration of the 300th anniversary of the Discovery of the Hudson River by Henry Hudson in 1609 and the 100th anniversary of its first succesfull navigation by steam by Robert Fulton in 1807, and the Department of State has done us the great favor to forward these invitations through our diplomatic representatives abroad with an expression of the hope that the Governments to which they are addressed will accept.

To the expression thus kindly conveyed by the Department of State, permit me in behalf of the commission to give you this direct assurance of our desire to have the pleasure of entertaining as many ships of the navy of Mexico as that Government may find it practicable to send. We will send to you under another cover, not only a copy of the pamphlet which accompanied the invitation, but also another pamphlet entitled "Hudson and Fulton" wich will give you personally a somewhat fuller idea of the extent of the preparations being made for the approaching celebration. THE BUILDING, No.1258 Madison St.

Addressed to Ambassador Lafayette Bing, Venustiano

THE HONORABLE DAVID E. THOMPSON,

Dear Sir:

We have the honor to state the FOREIGN GOVERNMENTS

accredited to the United States of to be re-

quested by cable to make formal request upon the Mexican Government for the apprehension and delivery to the Hudson-Ellion Celebration Commission of one Lafayette Bing, who is charged with the murder of Aaron Burr, on the night of June 17th, 1908, in the City of New York, and who is supposed to be in Mexico City.

The Hudson-Ellion Celebration Commission has been duly incorporated under the laws of the State of New York, and has been charged with the duty of celebrating the two hundredth anniversary of the birth of Aaron Burr, and the one hundredth anniversary of the death of Alexander Hamilton, which occurred in the City of New York, on the 17th day of June, 1908, and in connection therewith has been authorized to invite the Governments of the United States, Great Britain, France, Germany, Italy, Russia, Japan, Austria-Hungary, Spain, Portugal, Holland, Belgium, Switzerland, Sweden, Norway, Denmark, Greece, Turkey, China, Siam, Persia, Mexico, Brazil, Argentine Republic, Chile, Peru, Bolivia, Colombia, Venezuela, Ecuador, Paraguay, Uruguay, Cuba, Haiti, Santo Domingo, Nicaragua, Costa Rica, Honduras, Salvador, Guatemala, Panama, Dominican Republic, Liberia, Servia, Roumania, Bulgaria, Montenegro, Abyssinia, Corea, Hawaii, Philippine Islands, Porto Rico, Tripoli, Tunis, Morocco, Zanzibar, Muscat, Persia, Afghanistan, Nepaul, Thibet, Bhutan, Siam, Borneo, Sumatra, Java, Celebes, Moluccas, Timor, Philippine Islands, Sandwich Islands, Fiji Islands, Samoa, Tonga, Society Islands, Marquesas Islands, Tuamotu Archipelago, Gambier Islands, Tubuai Islands, Hawaiian Islands, Caroline Islands, Marshall Islands, Gilbert Islands, Ellice Islands, Union Islands, Phoenix Islands, Line Islands, Solomon Islands, New Hebrides, Bismarck Archipelago, Admiralty Islands, Louisiade Archipelago, Solomon Islands, New Britain, New Ireland, New Guinea, Dutch New Guinea, German New Guinea, Caroline Islands, Marianne

that while the programme provides for many public and spectacular events, the idea running throughout all the exercises, indoors and outdoors, is educational; and we feel that the presence of a large naval representation from the foreign nations will be very instructive and mutually beneficial to our own people represented by our foreign guests.

If it should please you to explain to the Minister of Foreign Affairs the geographical enviroment of New York City, he will perhaps better appreciate the fact that the foreign vessels anchored with our own in the Hudson River, which stretches along one side of the City for twelve miles, will be under the direct observation of over 4,000,000 people contiguous tothe river, and will be the objects of the greatest popular interest.

As explained by the Secretary of State, we have sent individual invitations to the diplomatic representatives of the foreign Governments at Washington, and it is the hope of our commission that the Government of Mexico will send with its vessels a specially appointed delegate.

We expect this celebration to be the most brilliant of its kind ever held in this state--probably in the United States- and we shall extend to our foreign visitors hospitality commensurate with the honor which their presence will give us, with the dignity of the State of New York, and with the importance of the events to be celebrated.

Assuring you of our appreciation of your kind offices in this matter, and of our high regard, I have the honor to remain,

Yours very truly,

STEWART L. WOODFORD.

Dear Sir:

Availing ourselves of information kindly communicated to us by you, we are preparing official invitations to be sent by courtesy of the department of State to the governments of Abyssinia, Bulgaria, Egypt, Liberia, Luxemberg, Montenegro, Morocco, Paraguay, Roumania, Servia and Venezuela. With the exception of Paraguay, Luxemberg and servia, it is our intention to invite the governments to be present "by an official representative of a vessel of its navy", but it has occurred to us that in view of the peculiar relations sustained by the governments of Egypt, Montenegro and Roumania to certain other governments, in consequence of which, they may not be at liberty to send vessels of their navy without consulting the other powers, our invitation in the form indicated might be embarrassing to them.

May we ask of you the favor to let us know whether you think any embarrassment would be caused by inviting those countries to send vessels of their navies.

Yours very truly,

Henry W. Sackett
Secretary.

In reply I have to inform you that as Egypt is tributary to Turkey, the Department would not advise the issuing of a separate invitation to the Egyptian Government. Moreover, Ehypt has no efficient war vessels. Montenegro and Roumania are independent States, and consequently there would be no objection to extending invitations to them, but the Department understands that Montenegro has no navy. I may add that the same is true with respect to the other countries mentioned by you with the exception of Venezuela and Roumania.

COPY of a note from the Belgian Minister for Foreign Affairs to Mr. Wilson, dated June 17, 1909.

Monsieur le Ministre,

Par sa lettre du 29 mai dernier, Votre Excellence a bien voulu me transmettre une invitation adressée au Governement du Roi, mon Auguste Souverain, et par laquelle la commission organisatrice le prie de se faire représenter à la célébration du 3e centenaire de la découverte de la Rivière Hudson par Henri Hudson en 1609 et au centenaire de l'application de la vapeur sur la rivière par Robert Fulton en 1807.

En me faisant parvenir cette invitation Votre Excellence, conformément aux instructions de Son Gouvernement, a exprimé l'espoir que la Belgique l'accepterait et Elle a ajouté que "par représentation officielle" il faut entendre l'envoi d'un représentant spécial et non la désignation du représentant diplomatique de la Belgique qui a reçu une invitation spéciale.

Votre Excellence a enfin ajouté que les représentants diplomatiques, navals et autres des nations étrangères seront les hôtes d'honneur de la commission, depuis le jour de la réception le samedi 25 septembre jusqu'à la fin de la solennité.

J'ai l'honneur de prier Votre Excellence de vouloir bien se rendre, tant auprès de la commission organisatrice que de son Gouvernement, l'interprète de nos sincères remercîments pour la gracieuse invitation qui nous a été adressée.

Votre Excellence sait que la marine militaire Belge a été supprimée il y a longtemps déjâ; en conséquence je me réserve de Vous faire connaître ultérieurement, Monsieur le Ministre, les dispositions qui pourraient éventuellement être prises pour répondre aux aimable intentions dont Vous avez été chargé de vous rendre l'interprète.

TRANSLATION.

Mr. Minister,

By letter of May 29 last, Your Excellency had the kindness to transmit to me an invitation addressed to the Government of the King, my August Sovereign, from the committee in charge of the 3rd centenary of the discovery of the Hudson River by Henry Hudson in 1609 and of the centenary of the application of steam to navigation of the river by Robert Fulton in 1807.

In transmitting this invitation Your Excellency conformably with instructions from your Government, has expressed the hope that Belgium would accept it and has added that by official representation it is meant that a special representative shall be sent, the Minister of Belgium having received a special invitation. Your Excellency adds,moreover, that the diplomatic, naval and other representatives of foreign nations will be guests of the committee from the day of the opening of the celebration, the 25 of September, until the day of its conclusion.

I have the honor to beg Your Excellency to be good enough to convey to the organizing committee and to your Government our sincere thanks for the gracious invitation which has been addressed to us.

Your Excellency knows that the Belgian navy has been suppressed some time ago and in consequence I beg to be allowed to advise you later what means may be adopted to respond to the aimable invitation which you have been charged to convey.

Referring the Department's circular instruction (file No. 17706) pf May 10, 1909, in regard to the Hudson-Fulton Celebration, I have the honor to report that on the 26th day of May my predecessor, Mr. Collier, in pursuance of said instruction, wrote to His Excellency the Minister of State, setting forth the material facts contained in the instruction, transmitting the invitation referred to and expressing the hope of the United States Government that the Government of Spain would find it convenient to accept the invitation, and that I am to-day in receipt of a note from the Minister of State, wherein he states that the Minister of the Navy has no appropriation available for the purpose and that therefore the Government of Spain will not be able to be represented on the occasion referred to by an official representative of Spain or by a vessel of its navy. My Dear Will:

I am interested in the Hudson-Fulton celebration, which is to take place here the end of September and the beginning of October. I am a member of one of the committees concerned and am, of course, interested that the celebration should be a success. It promises to be most notable and there is an endeavor to get representatives of the highest dignity from other countries.

Mr. Beck has just cabled as follows:

" England sends four cruisers. Ambassador thinks Prince's
" acceptance possible but improbable. King will be Reid's house
" guest July 24th. Could discuss matters then. Must first
" have assurance Taft would invite Prince Nation's guest. If
" King favorable Washington may question advisability discrimina-

I have been talking to Mr. Stetson, who is more intimately connected with the arrangements than I, and he tells me that representatives from other countries will probably be sent, so that any criticism upon the ground of discrimination in favor of England will be avoided. I believe there is plenty of money for the celebration.

I am only writing to you to prepare the way for some representative of the Committee, who will wish to lay the whole situa-

In pursuance of correspondence with the Honorable Huntington Wilson, Assistant Secretary of State, we have the honor to send you herewith official invitations to the Governments of Abyssinia, Bulgaria, Liberia, Luxemburg, Montenegro, Morocco, Paraguay and Servia, to send official representatives to the Hudson-Fulton Celebration next fall; and official invitations to the Governments of Roumania, ~~Servia~~ and the Dominican Republic, to send official representatives and vessels of their navies.

Will you do us the great kindness, as with the previous invitations, to have these transmitted to our diplomatic representatives to the Governments to which they are addressed, accompanied by notes from the Department of State confirming our cordial wish to have the pleasure of entertaining them at our great festival.

We also enclose invitations for the Envoys from the Governments of Cuba, Switzerland and Venezuela to the United States. Will you do us the like kindness to have them transmitted.

With assurances of our high regard and appreciation, I remain,

The celebration will be in charge of a commission consisting of four hundred prominent citizens appointed by the Governor of New York. The officers of this commission, comprising twenty one of the leading citizns of New York City, have sent to my Government, with a request that it be delivered through the Diplomatic channel, an invitation addressed to the Government of Haiti to be represented at the celebration "by its official representative and a vessel of its Navy".

Under the instructions of my Govrnment I have the honor to transmit theinvitation to you with the expression of my Government's hope that the Government of Haiti may find it convenient to accept it. I am to explain to Your Excellency that by the expression "its official representative" is meant the sending of an official representive from Haiti and not the designation of its diplomatic representative at Washington, to whom a separate invitation has been extended.

Accompanying the invitation Your Excellency will find a printed program containing full information regarding the celebration and the exercises set apart for each day.

I am also to say that the State of New York has appropriated $400,000 and the City of New York $200,000 to defray the expenses of this celebration, and that the diplomatic, naval, and other official representatives of foreign nations will be gueats of honor of the commission and will be accorded hospitality, both of a public and private character, from the time of their formal reception on Saturday, September 25 until the close of the celebration.

My dear Mr. Ambassador:-

It will give the President great pleasure to receive the Prince and Princess Kuni when they visit this country. If it is the Prince's pleasure the President desires to designate a military officer to accompany him while in the United States. This could have been done as a matter of course, but having in mind your statement that the Prince will probably travel incognito makes it proper for me to first ascertain what his pleasure may be.

I am, my dear Mr. Ambassador,

Mr. Bailly-Blanchard,
American Chargé d'Affaires, Paris.

Monsieur le Chargé d'Affaires:

By a letter dated June 1st. last, His Exc. Mr. Henry White informed me that from the 25th. of September to the 9th. of October next, the three hundredth anniversary of the discovery of the Hudson River and the centenary of the first successful attempt at steam navigation on that river would be celebrated at New York.

Mr. White at the same time transmitted to me an invitation addressed to the Government of the Republic to take part in this commemoration by sending an official delegation and warships.

I thank you for this kind invitation, which the Government of the Republic is happy to accept. A naval division composed of three battle ships will proceed on this occasion to New York to be present at the projected fêtes. Moreover, to mark the part which French science takes in the celebration of the centenary of one of the greatest scientific events, a member of the Institute of France will also be delegated.

Accept etc. etc.

Monsieur le Chargé d'Affaires:

By a letter dated Jan. 4, 1918 Exc. Mr. Lansing informed me that I should be instructed as the United States Government is not in a position to recognize the Republic of Armenia.

I think now that this decision, which the Government of the Republic at Yerevan is ready to accept. A result of this attitude will be to compromise entirely the negotiations which have been proceeding between the Armenian Delegation and the Government of the United States.

Mr. White is of the same opinion as myself and I have telegraphed to the Department of State asking that the Armenian Delegation may be authorized to remain in Paris.

Mr. Baker:

Please prepare letter to Mr. Carpenter giving the information for the President as to the arrival of T.I.H. Prince and Princess Kuni, and seeking an expression of the wishes of the President and Mrs. Taft as to the date when they will be received at Beverley.

Mr. Matsui said that he had received a courteous suggestion that an aide de camp would be attached to H.I.H. and that H.I.H. would much appreciate this on the occasion of his arrival, his audience, and at any other times of ceremony, but for the rest of the trip, which will be incognito, it would not be necessary. Mr. Matsui thought it would be very agreeable if an aide de camp would meet the Prince at the steamer and accompany them to Beverley for the audience. Mr. Matsui will notify us as to the Prince's military title (probably Lieutenant Colonel) and as to the members of his suite. The party will be in the United States until October 12th, when they sail from San Francisco. Mr. Matsui wondered whether they could be accommodated at a hotel near Beverley when they went for the audience. Mr. Carpenter might be asked to tell us whether there is adequate accommodation. Otherwise they will stay in Boston.

Please embody the proper parts of the above in your letter to Mr. Carpenter. Also take the necessary steps with the Treasury and other Departments to extend facilities at their arrival.

The President, to whom I did not fail to communicate information of the coming of Prince and Princess Kuni, has directed me to say to you that he will be happy to receive Their Imperial Highnesses and their suite on Friday, the 10th of September, at three o'clock in the afternoon, at his residence in Beverly, in case that date is agreeable to them. I am to add, however, his regrets that Mrs. Taft, on account of her recent illness, is not taking part in any functions at this time, and may not be able to join with him in receiving Their Imperial Highnesses.

In view of the inadequate hotel accommodations at Beverly, I would suggest to you the advisability of Their Imperial Highnesses going to a hotel in Boston whence they may proceed to the President's house at Beverly either by

motor or by train to the Beverly station, as they may prefer.

By the President's direction, an officer of the army of the United States will be detailed as aide de camp to meet the Prince and Princess at the steamer and to accompany them and to arrange for their comfort until after their reception by the President.

Accept, Sir, the renewed assurance of my high consideration.

The Honorable

The Secretary of War.

Sir:

Their Imperial Highnesses, Prince and Princess Kuni, accompanied by Colonel Naohachiro Kurita, of the Imperial Japanese Army, Mrs. Nagasaki, and a gentleman from the Prince's household, will leave Liverpool on the 31st instant by the Steamship "CAMMANIA" and will arrive at New York about September 7th.

The President will receive the Prince and Princess and their suite at his residence in Beverly at three o'clock in the afternoon of Friday, September 10.

The Prince is a Lieutenant-Colonel of the Japanese Army, and the President has directed this Department to arrange with you for the detail of an army officer of suitable rank as an aide de camp to meet the Prince and Princess at the steamer, and to accompany them to Beverly for the audience. It has been suggested to the Japanese

Chargé

Chargé d'Affaires that their Highnesses go to a hotel in Boston and that they proceed to the President's house from Boston either by motor or by train to the Beverly station, as they may prefer.

I have, accordingly, the honor to request that an officer of the army, of appropriate rank, be detailed to meet the Prince and Princess on their arrival at New York and to accompany them and to arrange for their comfort until after their reception by the President.

From the time of their arrival until their reception by the President, the expenses of their Imperial Highnesses will be defrayed by this Department, as will the expenses of the aide de camp. After their reception by the President, their Imperial Highnesses will travel incognito.

I have the honor to be, Sir,

My dear Mr. Secretary:

I have your letter of the 14th of August and the President will be glad to receive Their Imperial Highnesses the Prince and the Princess Kuni and suite on Friday, the 10th of September, at three o'clock in the afternoon, at his residence in Beverly, in case that date is agreeable to them. Will you be good enough to advise the Japanese Embassy?

Mrs. Taft, on account of her recent illness, is not taking part in any functions at this time, and may not be able to receive Their Highnesses on that day, but the President will do so.

It would be better for Their Highnesses to go to a hotel in Boston, and probably to run out from Boston by motor to the President's house at Beverly. They can come by train to the Beverly station, however, if they so prefer.

I presume the military officer has been designated for the purpose of accompanying the Prince and Princess to Beverly. In case he has not, will you be good enough to take the matter up with the War Department?

Very respectfully yours,

Secretary to the President.

What is the custom about expenses? Inasmuch as they will probably take a motor from Boston to Beverly, would it not be well for the Department to pay that expense? The Department could also pay actual expenses for the army officer or let him go on detail under ordinary mileage expenses, if it is customary. I rather favor payment of expenses by this Department. Sultan has informed me through his representative here that he desires to accept Hudson-Fulton Celebration invitation in order to show his special regard for the United States and to send a mission composed of several representatives. Nevertheless before doing so wishes to know whether this will be entirely convenient. Apparently what is desired is to know whether, as in case of missions to European countries, interpreter will be furnished to accompany the mission and traveling expenses from Tangiers will be paid, in addition to expenses New York. Such a mission purely of courtesy is practically unprecedented.

Sir:

I have the honor to transmit to the Department a copy of a note received to-day from the Danish Foreign Office, with translation, by which it will be seen that Denmark will not be represented by a war vessel at the coming Hudson-Fulton Celebration. This information I have received with great regret as every possible influence has been brought to bear upon the Danish Government in the endeavor to secure one or more vessels. This might have been possible at another time, but the recent changes in the administration here, the unsettled condition of the Ministry and the general confusion resulting from these changes have precluded the possibility of securing a vessel.

Captain Cheney has been detailed by the War Department to meet, on his arrival in New York on the seventh instant, His Imperial Highness, Prince Kuni, who will represent the Emperor of Japan at the coming Hudson-Fulton Celebration. Period. The Prince will be the guest of the Government of the United States until after his reception in Beverly by the President on the tenth instant. Period. It would seem appropriate that the Governors of New York and Vermont should be asked to detail, if entirely convenient, an aide to the Prince during the Hudson-Fulton Celebration inasmuch as it is a State rather than a Federal Celebration. Period. The above is simply a suggestion, the result of which will you kindly inform me.

I approve your suggestion except that I would amend by striking out the words "these representatives should have the right of suggestion and veto as to" and insert instead after "Foreign delegates" the words "should be submitted to these representatives for approval". The word "veto" might make trouble. Without that, committees would naturally accept decisions of the State and Navy representatives. Will gladly submit your suggestion to the Commission either in original form or with my amendment. Would you like me to do so, and with or without amendment?

Dear Mr. Smith:

Mr. Winthrop, the Assistant Secretary of the Navy, has referred to me a letter from the United States Naval War College at Newport in which it is stated that Coloned Thompson, who is to be the host of Prince and Princess Kuni, stated that he wished to have his guests visit the War College and Training Station on September 14th, on which day they are to be his guests.

Since Prince Kuni is the official representative of the Emperor to the Hudson-Fulton Celebration, I think we had better write a letter to the Navy Department asking it to extend this courtesy. We may consider that Mr. Thompson's request has been made directly to the State Department.

Please return to me this letter this afternoon.

Sir:

The Department of State has been advised by the Navy Department that your attention has been called to the fact that during the period covered by the Hudson-Fulton Celebration, September 25th to October 9th, there will be a number of foreign ships in New York harbor at the invitation of the Celebration Commission. The Navy Department has accordingly suggested, under date of August 30th, that, as a matter of courtesy, free transportation on the lines of the Interborough Rapid Transit Company be given to officers and men of the foreign ships in uniform during the Celebration.

This Department also desires to call your attention to the fact that the Hudson-Fulton Celebration Commission has invited foreign governments to send delegates as their special representatives on the occasion of the Celebration, and that, therefore, it would be advantageous, if free transportation is to be given to officers and men of foreign ships, that similar free transportation be accorded the

foreign representatives. It would seem necessary, since in many cases the foreign delegates will not appear in uniform, that some special insignia be given them which would in itself be recognized as entitling them to free transportation. The Department makes this suggestion with the understanding that the furnishing of free transportation under the circumstances is not in conflict with any existing law.

Very respectfully,

Tokio, August 2nd,1909.

Monsieur le Charge d'Affaires:-

I beg to acknowledge the receipt of His Excellency the American Ambassador's not No. 305 dated of the 8th June last, informing me to the effect that as there will be celebrated from September 25 to October 9,1909, at the City of New York and along the Hudson River the three hundredth anniversary of the discovery of that river and the one hundredth anniversary of the first successful application of steam to the navigation of the river by Robert Fulton, the Celebration Commission approached your Government with a desire that the Government of Japan be represented at the celebration by its official representative and vessels of its navy. With regard to the above, Mr. Mizauno, Japanese Consul-General at New York, also informed me by cable that General Woodford, President of the Celebration Commission, officially addressed him a note to the effect that he would deem it a high honour if His Imperial Highness Prince Kuni could be present at the celebration. As to the Prince's presence at the celebration, His Majesty the Emperor was, upon my submission, graciously pleased on the 26th ultimo to cause a telegram to be sent to His Highness ordering him to attend the celebration. I beg therefore to request that you will be so good as to communicate the above to the United States authorities concerned. As to the despatch of vessels of the Imperial navy, I regret that we are prevented from complying with your request not only by the insufficiency of time left

The Honorable

S i r :

I understand that our Commission is to submit to your Department for revision any matter that concerns official procedure involving any possible precedence between our Foreign guests.

We have arranged the following tentative program for our Reception of our Official Guests, which will be held at the Metropolitan Opera House on Monday evening, September 27th.

I. The Right Reverend Bishop Greer of the Protestant Episcopal Church will deliver the invocation.

2. The President of the Hudson-Fulton Celebration Commission will welcome the Official Guests in the name of the Commission, and will then propose Mayor George B. McClellan as the presiding Officer of the evening.

3. The Mayor on taking the chair, will welcome our guests in the name of the City.

4. Governor Hughes will then be introduced and will welcome the guests in the name of the State.

5. Mrs. Julia Ward Howe will then herself recite a poem written by her for the occasion. Mrs. Howe is now past ninety years of age.

6. The Battle Hymn of the Republic which Mrs. Howe wrote during our Civil War will then be sung by the Bankers' Glee Club.

7. The Minister for the Netherlands, which country sent Henry Hudson on his voyage of discovery of the river now bearing his name, was invited sometime since to make an historical address and ACCEPTED.

8. The special representatives accredited to the Celebration and the diplomatic representatives of these Governments at Washington, who may be charged with special messages of greeting or congratulation, will then speak in such order of precedence as may be arranged by your Department.

9. At the close of these replies, the Glee Club will sing words written for the occasion by Mrs. Spencer H. Trask to the air of America.

10. The Reverend H. Pereira Mendes, a leading Hebrew Divine in this City, will make the closing prayer and pronounce the benediction.

The Minister for the Netherlands, Mr. Louden, was selected to make the historical address because Henry Hudson, the discoverer of the river bearing his name, although himself an Englishman, sailed under the commission and flag of the then Dutch Government. The Dutch also were the founders of the first European settlements at Albany and Manhattan Island in this State. I assume that Minister Louden is not the doyen of the Diplomatic Corps at Washington.

Is there any objection to his making the proposed

It is only proper for me to add that if omitted then, there will be no occasion during the Celebration when it can be appropriately delivered.

You will also note that in our program, this historical address precedes the replies by Foreign delegates.

As our time is short, may I ask as early consideration and decision of this question as the Department may be able to make.

I respectfully ask if consistent with the views of the Department, that permission be granted for the crews of the Foreign men-of-war attending the Hudson-Fulton Celebration, to land their crews under arms for participation in the various parades of the Hudson-Fulton Celebration Commission in New York State from the 24th day of September to the 10th day of October.

This was done on the occasion of the Columbian Parade some years ago in New York and the Commission and the Citizens of New York, will consider it a great privilege and honor to witness the foreign men-of-warsmen participating in the ceremonies.

Assuming that such permission be granted, this Commission further requests that the State Department take whatever action is necessary to inform the Commanding Officers of the various squadrons of its decision, and also kindly notify me at your earliest convenient moment.

Should it be proper, I should be glad to have the Navy Department also notify by telegraph at the proper time, the

Sir;-

Referring to my note of the 6th of June last addressed to Assistant Secretary of State, Mr. Huntington Wilson, whereby I had the pleasure of acknowledging the receipt of Mr. Wilson's note of the 7th of the same month containing an invitation to Mr. de Lagercrantz to be present at the Hudson-Fulton celebration, which is going to take place at the City of New York and along the Hudson River during the last week of this month, I herewith have the honor to inform Your Excellency that Mr. de Lagercrantz, on account of his sojourn in Sweden having been prolonged, will be unable to be present at the said festivities.

According to a letter of the 20th of last month from the Royal Foreign Office, my Government has already through the United States Minister at Stockholm presented its regrets for not being in the position of sending over a special envoy or a ship for the above occasion.

Monsieur le Ministre,

Par lettre du 17 Juin dernier, j'ai eu l'honneur de recourir aux bons offices de Votre Excellence pour faire parvenir à la Commission organisatrice des fêtes commémoratives l'expression de nos sincéres remerciements pour sa gracieuse invitation. J'ajoutais que je me réservais de vous faire connaître ultérieurement, Monsieur le Ministre, les dispositions qui pourraient être prises éventuellement en vue de répondre aux aimables intentions dont vous avez été chargé de vous rendre l'interprète.

L'arrivée de M. le COMTE de BUISSERET STEENBECQUE de BLARENGHIEN aux Etats-Unis d'Amérique coïncidera à peu près avec l'ouverture des festivités destinées à célébrer le 3e centenaire de la découverte de la Rivière Hudson en 1609, et du centenaire de l'application de la vapeur sur la rivière par R. Fulton en 1807.

J'ai l'honneur de porter à la connaissance de Votre Excellence que M. le Comte de Buisseret a été chargé de la mission spéciale de se rendre à New York pour représenter la Belgique aux fêtes commémoratives.

.....

Enclosure 2 to despatch of August 25,1909.

Translation of enclosure No.1.

Mr. Minister,

By letter of June 17th last, I had the honor to have recourse to Your Excellency's good offices in order that our sincere thanks might be given the Committee on Organization of the Hudson-Fulton Celebration for their gracious invitation. I added that I reserved the privilege of informing you later, Mr. Minister, of the dispositions which eventually might be taken to express our appreciation of the kind message of which you have been the interpreter.

The arrival in the United States of America of Count de BUISSERET STEENBECQUE de BLARENGHIEN will nearly coincide with the opening of the festivities commemorating the 300th anniversary of the discovery of the Hudson River in 1609, and the 100th of the appliance of steam to navigation on the River by R. Fulton in 1807.

I have the honor to bring to the knowledge of Your Excellency that Count de Buisseret has been charged with the special mission of representing Belgium at these commemorative fetes.

Bangkok, 31st July 1909.

Monsieur le Ministre:-

I have the honor to acknowledge the receipt of your letters of the 25th of June and the 27th instant by which Your Excellency was good enough to convey to Siam the cordial invitation of the Commonwealth of New York to participate in the celebration of the 300th anniversary of the discovery of the Hudson River and the 100th anniversary of the first successful application of steam to the navigation of that river by Robert Fulton. You add that a special invitation will be sent to the diplomatic representatives accredited to your Government.

I need hardly mention, Monsieur le Ministre, what interest Siam feels in the coming joyful anniversaries, as we all appreciate that the events which they commemorate are not merely of local significance, but have produced and are producing tremendous and far reaching effects upon the economic development of the entire world.

His Majesty the King, my August Sovereign, would have been glad to appoint a special representative from Siam; but unfortunately at the present moment no person is available for this office.

I would, therefore, request Your Excellency to be so good as to ask your Government and the Commonwealth of New York to kindly accept as our representative at the coming celebrations our Envoy Extraordinary and Minister Plenipotentiary His Excellency Phya Akharaj Varathara, who is about to proceed to resume his functions at Washington at the end of this month, and to ask that he may be accepted as filling the roles of this Kingdom's representative both specially and diplomatically.

His Excellency Mr. Hamilton King, Thanking
