National Register of Historic Places – Multiple Property Submission Listing – Texas

Scope and Content Note:

The National Register of Historic Places (NRHP) is the official list of the Nation's historic places worthy of preservation. Authorized by the National Historic Preservation Act of 1966, the National Park Service's National Register of Historic Places is part of a national program to coordinate and support public and private efforts to identify, evaluate, and protect America's historic and archeological resources.

-From the National Register of Historic Places site: http//www.nps.gov/nr/about.htm

The Multiple Property Submission (MPS) listings records are unique that they capture historic properties that are related by theme, general geographic area, and/or period of time. The MPS is the current terminology of submissions of this kind; past iterations include Thematic Resource (TR) and Multiple Resource Area (MRA). Historic properties nominated under the MPS rubric will contain individualized nomination forms and will be linked by a Cover Sheet for the overall group. Historic properties nominated under TR and MRA rubric are nominated as part of the whole group and will contain portions of nominations that come directly from the group Cover Sheet.

MPS records from Texas, on the whole, are comprised of nomination forms (signed, legal documents verifying the status of the properties as listed in the National Register) photographs, maps, correspondence, memorandums, and ephemera which document the efforts to recognize individual properties as part of a theme, general geographic area, and/or period of time that are historically significant to their community and/or state.

Arrangement:

The Multiple Property Submission listings records are arranged alphabetically by multiple property name. Therein individual properties within the group are arranged alphabetically by Resource Name. For nominations with the MPS moniker, researchers will find the physical files arranged in the following way: Nomination Form, Photographs, Maps, Correspondence, and then Other documentation. For nominations with the TR and MRA moniker, researchers will find files arranged in the following way: Photocopied portions of the Nomination Form from the Cover Sheet, photographs, and in some instances maps however maps, however maps for TR/MRA are generally stored with the Cover Sheet.

Extent:

The NRHP Multiple Property Submission listings for Texas totals 18 LF.

Processing:

The NRHP Multiple Property Submission listings records for Texas were processed and cataloged at the Intermountain Region Museum Services Center by Leslie Matthaei, Jessica Peters, Ryan Murray Caitlin Godlewski, and Jennifer Newby.

Associated Material:

The NRHP Multiple Property Submission listings records exist in conjunction with additional National Register of Historic Places records and National Historic Landmark records. Researchers may benefit from accessing these associated bodies of records for Texas:

- National Register of Historic Places – Single Property Listings – Texas
    - A county-by-county listing of individual properties
- National Historic Landmark – Texas
    - A listing of nationally significant historic places designated by the Secretary of the Interior

Copyright and Restriction Notice:

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials. The various state privacy acts govern the use of materials that document private individuals, groups, and corporations.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a reproduction if the document does not infringe the privacy rights of an individual, group, or corporation. These specified conditions of authorized use include:

- non-commercial and non-profit study, scholarship, or research, or teaching
- criticism, commentary, or news reporting
- as a NPS preservation or security copy
- as a research copy for deposit in another institution

If a user later uses a copy or reproduction for purposes in excess of "fair use," the user may be personally liable for copyright, privacy, or publicity infringement. This institution's permission to obtain a photographic, xerographic, digital, or other copy of a document doesn't indicate permission to publish, exhibit, perform, reproduce, sell, distribute, or prepare derivative works from this document without first obtaining permission from the copyright holder and from any private individual, group, or corporation shown or otherwise recorded.

Permission to publish, exhibit, perform, reproduce, prepared derivative works from, sell, or otherwise distribute the item must be obtained by the user separately in writing from the holder of the original copyright (or if the creator is dead from his/her heirs) as well as from any individual(s), groups, or corporations whose name, image, recorded words, or private information (e.g., employment information) may be reproduced in the source material. The holder of the original copyright isn't necessarily the National Park Service. The National Park Service is not legally liable for copyright, privacy, or publicity infringement when materials are wrongfully used after being provided to researchers for "fair use."

This institution reserves the right to refuse to accept a copying order if fulfillment of the order is judged in violation of copyright of federal or state privacy or publicity law.
